

Reconstruction and expansion Hotel

Site: Verbier, Schweiz
Client: Stratalp
Services: HOAI 1-9
Duration: 2009-2012
Cost: 25 Mio. CHF
Cooperation with C+C Interiors

The Height of Time

In the Swiss Alps, BFA has creatively transformed a dilapidated apartment building from the 1970s into an exclusive boutique hotel. The architectural ensemble has been completely gutted and, with the partnership and collaboration with C+C Interiors, received a contemporary look from the combination of local materials, artistic ornamentation and modern, simplistic furniture. The high quality of the design and implementation make the twenty-eight suites, the outstanding wellness area and the elegant restaurant; an alpine refuge that succeeds in setting high standards from the top of a mountain.
